Dear Carly Blondin,

My name is Kerbel Mark I am a solicitor with Kerbel Mark Law Office. There is an unclaimed "permanent life insurance policy" held by our deceased client.

The policy holder was one of our clients, David Blondin, who secured this Life Insurance through us, but unfortunately died of Covid-19 here in Toronto Canada 4-5 years ago. Since his death all our efforts to locate his relatives have proved unsuccessful.

However, the insurance company code stipulates that "insured permanent policies" not claimed must be turned over to the abandoned property division of the state after five years. Therefore, after carrying out proper background check and cross-referencing, we reached out you since you have the same surname and nationality with my late client, believing that you will revert back to us for further details.

Contact me officially via E-Mail: info@kerbelmarklawoffice.com

Your earliest response to this matter would be highly appreciated.

.

Mr. Kerbel Mark,
Attorney in Charge of Insurance/Bonds
